The diagram illustrates a process flow for finding a solution. It starts with a person holding a book with a wrench icon, followed by a person looking confused with question marks above their head. An arrow points to a person holding a book with a pencil icon. This is followed by a smartphone icon with 'www' above it, then an email icon with 'info@siko.cz' above it, and finally a person holding a toolbox. Each step is marked with a green checkmark in a box.
